WEST SIDE

THE EARTH SINKING.

Many Houses Are Badly Cracked and Damaged.

On Friday last, tiny flasures were no-ticed on the streets at various places from Eynon to Rock street. eracks were first of little, or no importance, but on the same evening they widened to a considerable degree. The portion of the territory most affected is Eynon and Hampton streets, west of Main avenue in the Fifteenth ward. Many houses are badly cracked, while much of the plastering has fallen from others. The trouble is caused by the big vein, which is about twenty-one feet in thickness, where the squeeze is taking place. At an early hour Saturday morning rumblings were heard, and many people were badly frightened as they feared a great calamity was about to occur. A TRIBUNE reporter traversed the ground and vis-

ited many of the houses yesterday.

The place which seemed to be the most seriously affected is the drug store of David M. Jones on South Main avenue. The building has dropped about five inches in the rear, and where a connection was made about the centre of the structure it has been divided, leaving a crack from the roof to the ground measuring about two to four inches. The double dwelling oscupied by Tax Collector Reese C. Powell and Mrs. James on Eynon street was visited. There are four large cracks in the cellar walls, and the building has fallen about four inches in the rear, A noticeable fact was, that the buildings affected all drop on the side which faces Hampton atreet. The main water pipe on Hamp-ton street was bursted by the eruption, and a gas pipe at the corner of Main avenue broken. In many places a portion of the sidewalks have heaved up, and the cracks in the road, which at first could barely be discerned, have greatly widened.

School building No. 18, (on Eynon street, suffered little damage, although the yard contains many fissures, Contrary to the announcement in yesterday's Free Press there will be school today. If there is not another settlement in the ground the damage can probably be easily repaired. But as matters stands the buildings are now in such a condition, and the foundations so uncertain, that another slight cave would cause a few of them to totter and fall. Mrs. Gore, of Hampton street, was overcome with the odor of gas from the break in the pipe, but is now recovered.

The floral offerings were beautiful. the Western Union Telegraph company, where the young man was employed as operator. It resembled a broken circuit, with Mr. Williams' telegraph initials, "W. I.," worked in with flowers. The members of the Sumner avenue Presbyterian Sabbath school presented a basket of flowers. Interment was made in the Washburn street cemetery. FORTY HOURS DEVOTION.

Rev. P. J. Gough's Elequent Sermon Last Night.

The ceremony of Forty Hours' Davotion began at St. John's church after late mass yesterday with benediction of the Blessed Sacrament.

Services last night, beginning at 7.30 consisted of a sermon, followed by benediction. The sermon was deliv-ered by Rev. P. J. Gough of the cathedral, and a most powerful and stirring sermon it was. The subject was, "Be-hold, I am with you all days even to the consummation of the world." Father Gough said the greatest assur-ance God has given of the perpetuity of this scriptural promise is the omnipresence of the Blessed Sacrament, the body and blood of Jesus Christ, in the tabernacle of the altar. Devotion to the Blessed Sacrament begets an humble and charitable spirit, a pure love of God and uprightness to our neighbors. We find solace in visiting the altar, God's graces and mercies are through this channel given to us, and in all our tribulations and trials there is no other comforting refuge

All Cathelics should pay homage to the blessed sacrament for graces enjoy-ed and an expectation of their continuance as well as for graces expected.

The sermon tonight will be delivered by Rev. J. J. McCabe, of Avoca, and

The lecture includes over sixty stereoptican views, shown on a canvas twenty feet squere, a number of them being very highly colored, showing the oriental costumes in all their gorgeousness and splendor. The meeting was brought to a close by the audience singing "The Heavenly Country," from words shown on the canvas.

Mrs. White gave a very interesting address before the Christian Endeavor society at 6.30 and made much clearer to all, the crying

need of more money for missions which Father Endeavorer Clark has been saying so much about at the last convention. When William Phillips, a farmer, living in Chinchilla, went to milk his cow last Tuesday morning, he missed it, and on making inquries found that a man anmaking inquires found that a man answering the description of his brother George was seen leading the cow towards Providence. Mr. Davenport refused to give it up, so they were forced to return for a search warrant. When the parties got back to where the horse and carriage was left George was missing, and has not been seen since. The shoe department is separate from the main store, connected by an inside door which the burglers could not open, so that they confined their work entirely to the shoe store. There is no cine so far to the parties. Dunmore needs an all night police force. Property is not safe.
